Description

Universal In-Field

- Upgrade Grafica and/or MAGELLAN firmware locally in the field
- Includes proprietary PC software, cables to interconnect a Grafica keypad or MAGELLAN console and a PC, and two 9V batteries
- The supplied PC software retrieves the latest Grafica/MAGELLAN update file (firmware) from our website and then updates the Grafica keypad or MAGELLAN console
- Currently supports Grafica version 1.21 or higher and MAGELLAN version 1.10 or higher, but we plan to support other Paradox products when possible in the future.
